Best Segment by profit

Best Region by profit

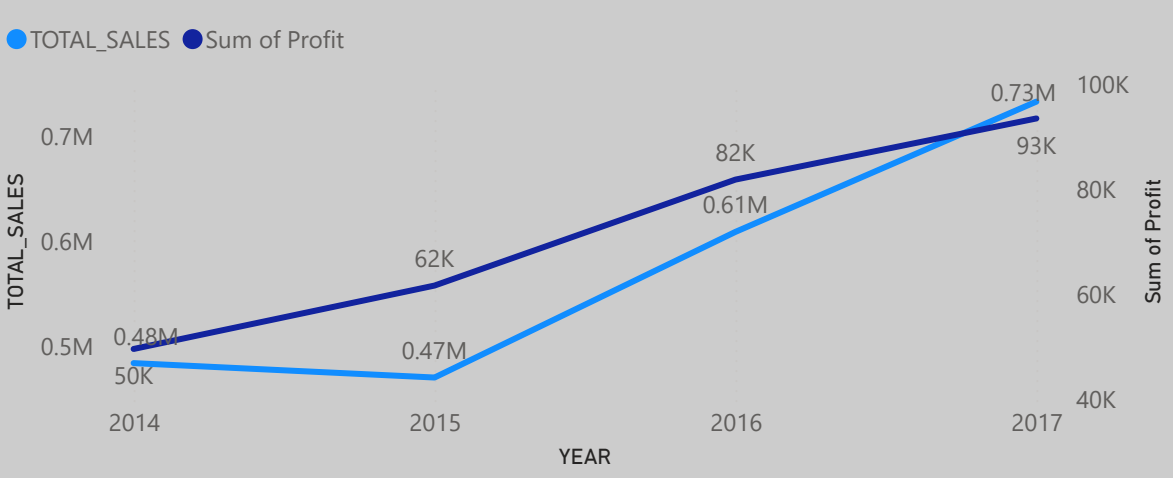

Best Category by profit

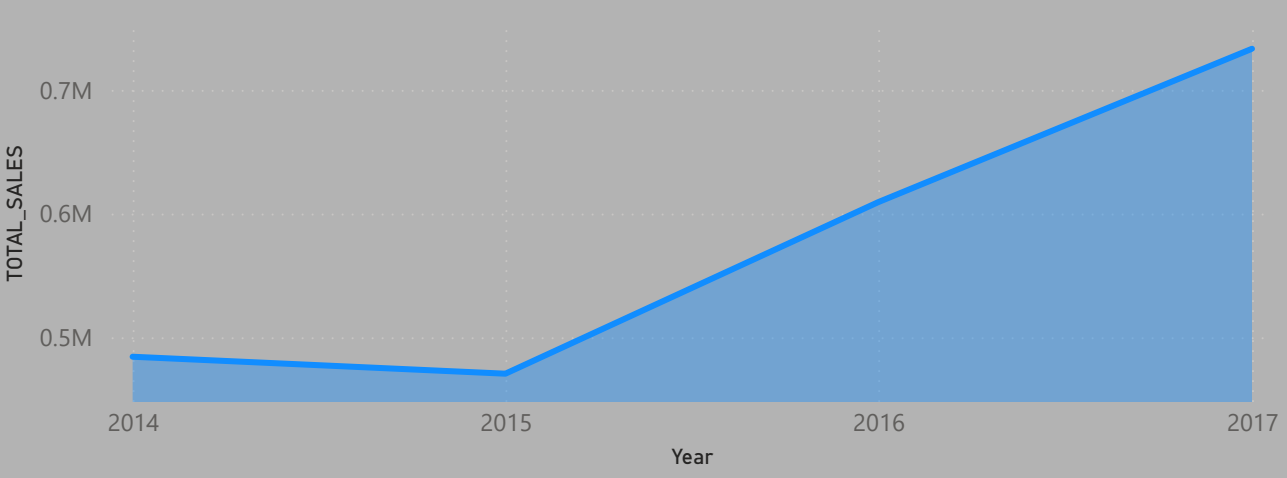

- The company achieved **2.3M in total sales** and **286K profit** over the period.
- The **West region** leads in both sales and profit, contributing about **32%** of total revenue.
- The **Consumer segment** is the top-performing customer group, driving nearly **50%** of sales.
- **Technology** is the **best-performing category**, followed by **Office Supplies**.
- **Furniture**, while generating good revenue, has **lower profit margins**, suggesting higher costs or discounting.

Sales Vs Profit by Year

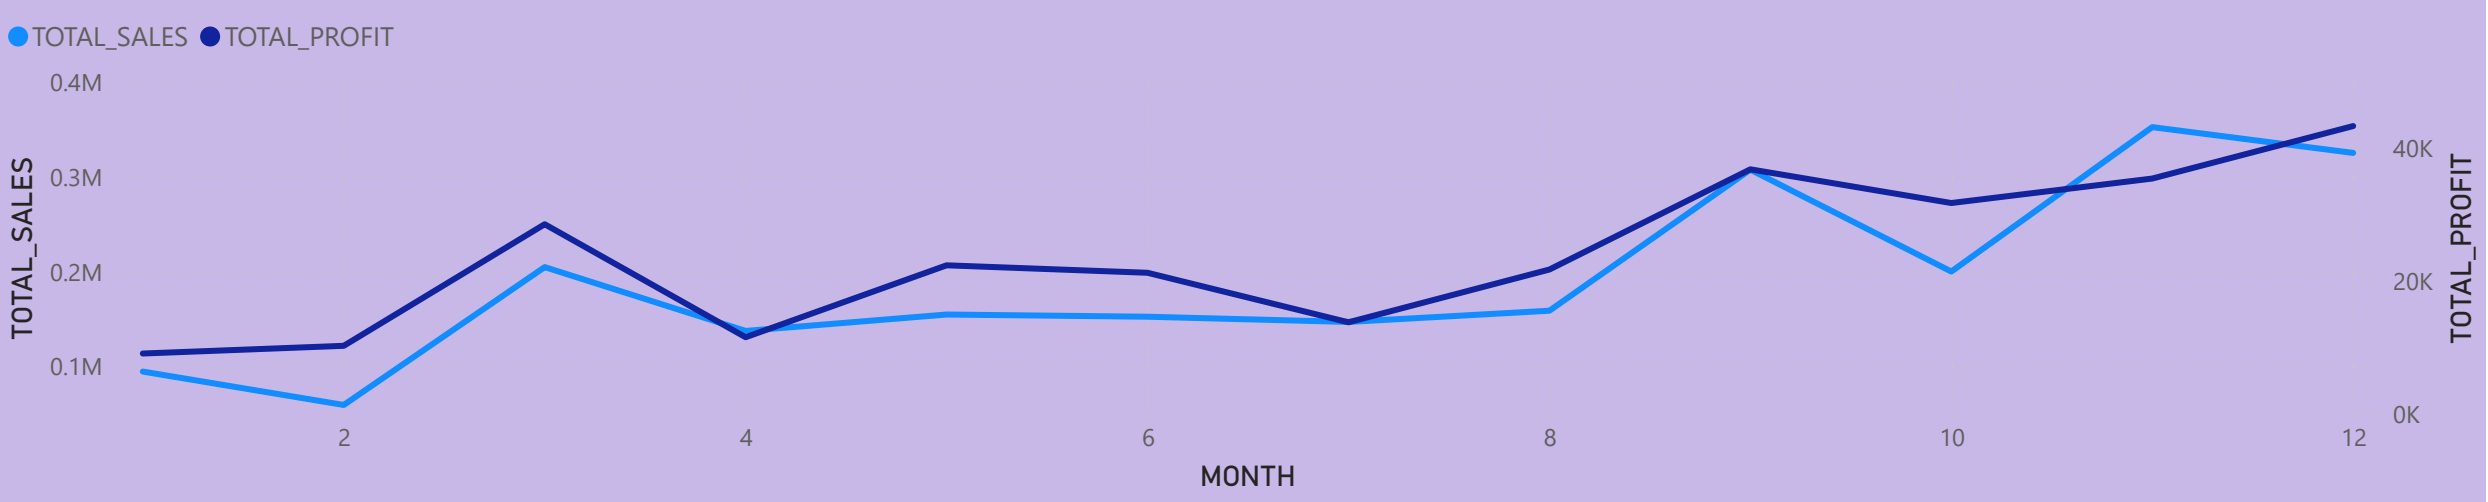

Both sales and profit have grown steadily from 2014 to 2017, showing strong business expansion

Growth by Year

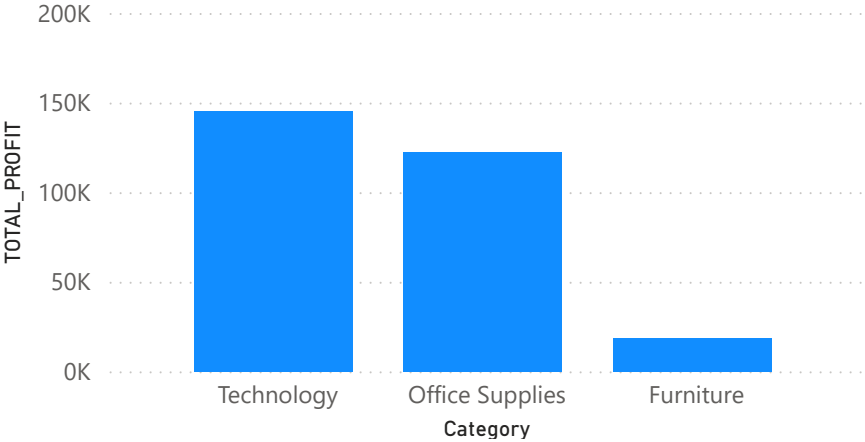

Growth charts confirm a consistent upward trajectory, signaling healthy year-over-year performance.

Sales vs Profit by Month

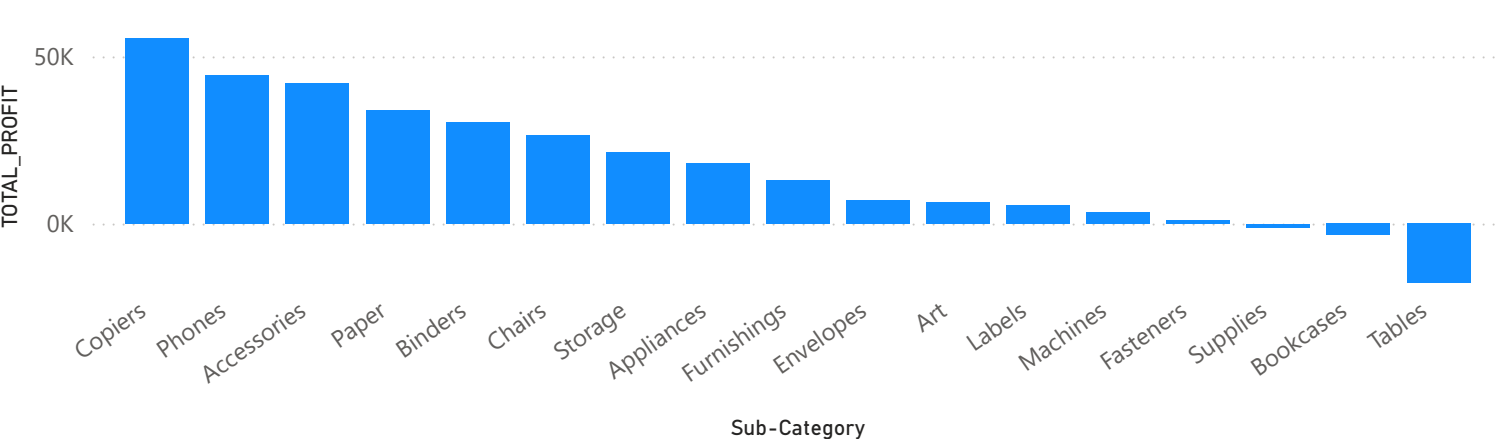

Monthly patterns show consistent spikes in November and December, indicating holiday season demand & February record lower sales, suggesting a seasonal dip.

Profit by Category

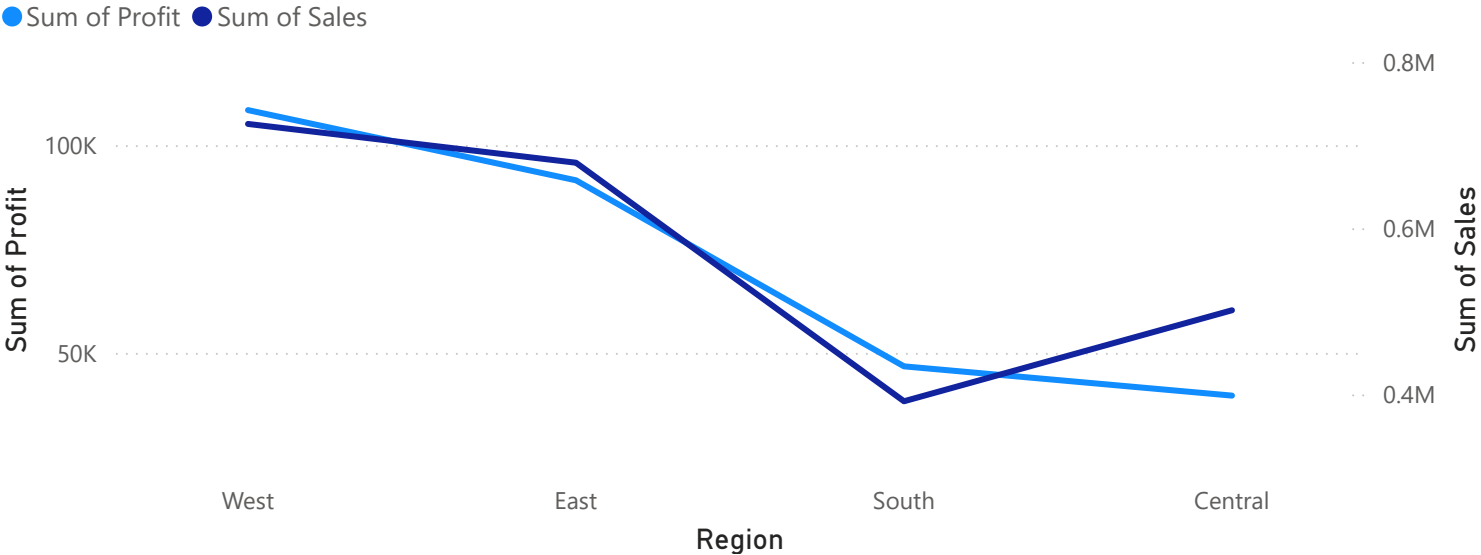

Technology products deliver the highest profit margins, making them the most lucrative category.

Profit by Sub-Category

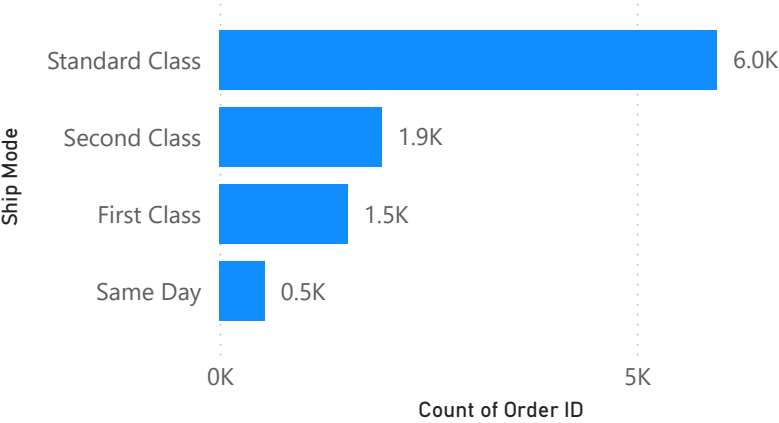

Copiers, Phones, Accessories ,Papers ,Chairs rank among the Top 10 products by profit.

Profit and Sales by Region

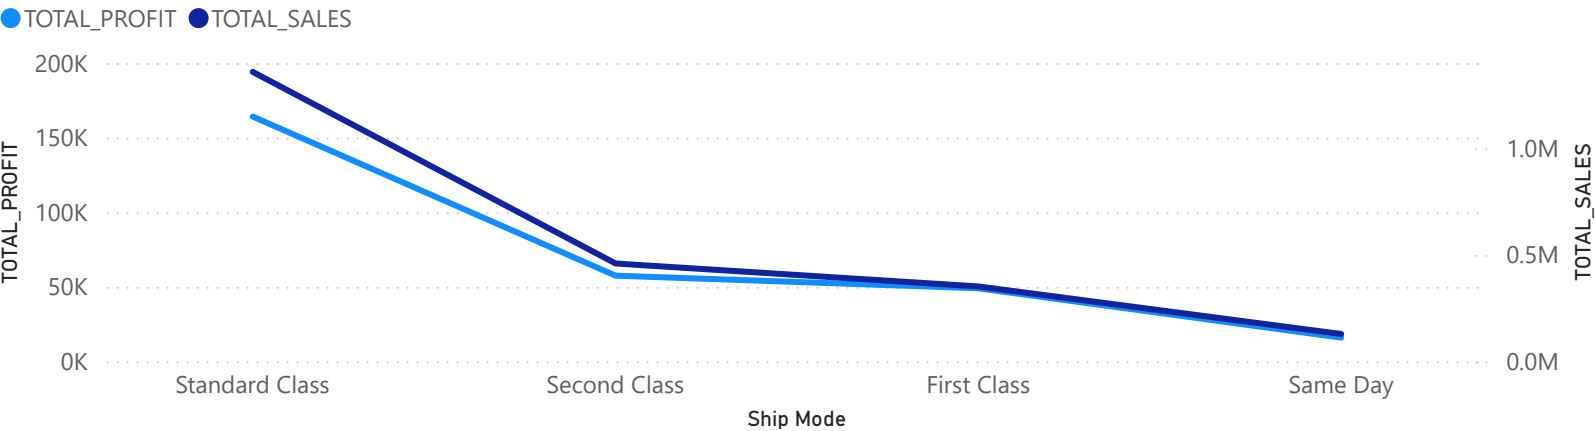

· West region has high in Profit and sales .
· while south region has low in Profit and Sales.
· & Central region has high sales but low profit indicating inefficiency or excessive discounting.

Count of Order by Ship Mode

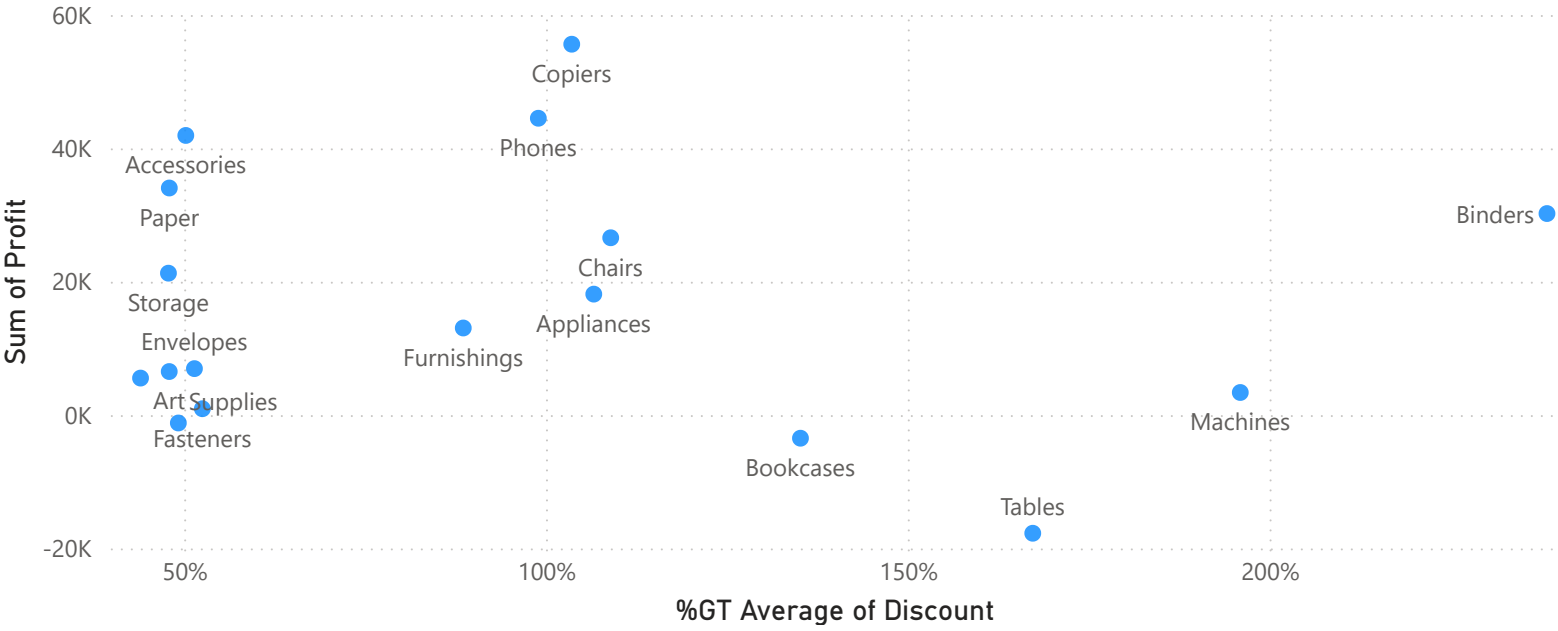

Profit & Sales by Ship Mode

- Standard Class is the most commonly used shipping mode, handling nearly 60% of total orders.
- Second Class and First Class contribute less volume but often yield higher profit margins per order.

Discount and Profit by Sub-Category

- High discount levels (>30%) have a direct negative impact on profit, especially in the Furniture category.
- There’s a clear pattern: as discount increases, profit decreases, suggesting over-discounting as a key cause of margin loss.

Insights Summary:

- **Total Sales:** 2.3M
- **Total Profit:** 286K
- **Best Region:** West
- **Top Category:** Technology
- **Best Segment:** Consumer
